RE: Westford Renewal License Non-Compliance – Sec. 13.9

Dear Mr. Grain:

We are writing to you in our capacity as the Board of Selectmen, statutory Issuing Authority for the Town of Westford, Massachusetts (the “Town”).

It is the Issuing Authority's belief that AT&T Broadband (“AT&T”) is in non-compliance with Section 13.9 of the Cable Television Renewal License (the “Renewal License”), dated April 8, 1998. Specifically, the Issuing Authority does not believe that AT&T is executing and reporting results of Semi-Annual Performance Tests required by Sec. 13.9(a)(4) to verify compliance of the Westford Institutional Network (I-Net) cable plant with the DOCSIS requirements set forth in Section 3.2(b)(i) of the Renewal License.

Pursuant to Section 11.1 (“Determination of Breach”) of the Renewal License, this letter constitutes the written notification to AT&T regarding non-compliance with Section 13.9 of the Renewal License. AT&T shall have thirty (30) days from receipt of this letter to either (i) respond in writing to the Issuing Authority, contesting the assertion of default, pursuant to Section 11.1(a), or (ii) cure, or take reasonable efforts to cure, the Section 13.9 default cited above, pursuant to Section 11.1(b).

Sincerely,

Robert Jefferies,
Chairman
